TAPING

The semi automatic pallet wrapper CST-204 offers many packaging solutions, wrapping boxes, sacks, and assorted packages with film stretch.

The CST-204 machine is easy to operate due to its touch screen panel with intuitive commands and its visual & audio alerts. The pre-stretching system can be adjusted up to 300%.

Advantages

- Motorized head for film economy;
- "Easy to pass" system to film stretch;
- Visual and audio alerts on the panel;
- Touch screen panel with 8 programs;
- Photocell to load high detection of the cargo;
- Manual lock to film stretch;
- Adjustable pre-stretching;
- Ramp - optional.
